**BOTTOM LINE**  
 Jesus can do anything.

**JANUARY 2012**

**WEEK 1 | JOHN 2:1-11**

Jesus was at a wedding party with His mother. The hosts ran out of super fancy drink. To save them from embarrassment, Jesus used His amazing power to turn water into wine.

**WEEK 2 | LUKE 5:1-11**

Jesus was in a boat with His disciples. His disciples had been fishing all night and hadn't caught a single fish. Jesus asked them to put their nets in the water to try again. When they did, their nets overflowed with fish!

**WEEK 3 | MARK 6:30-44**

After speaking to a crowd of 5,000 people, Jesus realized that all of the people were getting hungry. Jesus told the disciples to ask the crowd if anyone had food to share. A boy gave his lunch, two

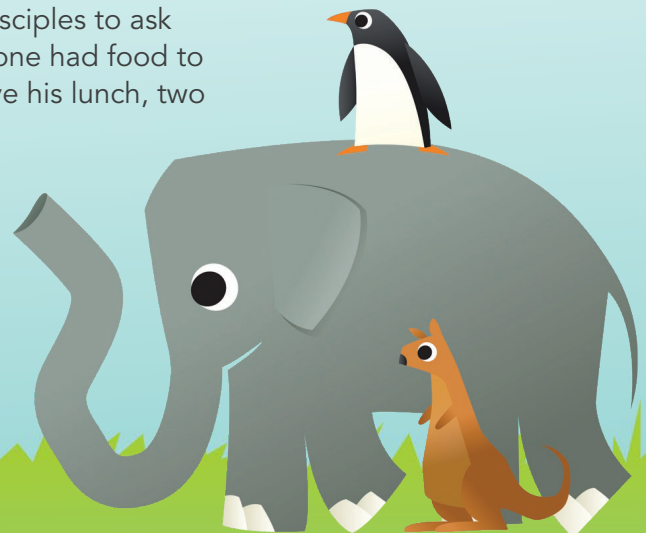

fish and five loaves of bread, and Jesus multiplied it to feed all of the people. Everyone ate until they were full, and there was even food left over!

**WEEK 4 | MARK 6:45-51**

Jesus' disciples were on a boat in the middle of the lake. Jesus walked on the water to get to them. He climbed into the boat, and the wind died down.

**WEEK 5 | MATTHEW 8:23-27**

Jesus and His disciples were in a boat. A big storm came upon them, and all of the disciples were so afraid! They woke Jesus up to tell Him how frightened they were. Jesus then used His great power to calm the storm.

**PLAY TIME:** Take some time one afternoon this week to make homemade lemonade with your child. As you are both preparing the lemonade for the party, talk about all of the ingredients that have to

go into the water to make it into lemonade. Remind your child about how Jesus was at a party once, and He changed the water into super fancy drink without using anything at all. Jesus used His amazing power to transform the water! He could do that because Jesus can do anything!

**CAR TIME:** Play "Who's More Powerful?" with your child. Point out different things that your child can see out of his car window and ask, Who's More Powerful than—the sun? That big

truck? That tall building? Continue with the game as you see things on the road that you can insert into the question. The answer is always JESUS! . Remind them that nothing is more powerful than Jesus.

**BATH TIME:** Add a few special items to bath time: an aquarium net, a strainer, or a cup, and some small tub toys (preferably fish). Tell your child that he is going to go fishing in the bathtub! Give him the net/strainer/cup first. Don't put any of the other toys in the

tub just yet. Tell your child that there doesn't seem to be any fish to catch! Remind him of the story about the disciples who fished all night long and didn't catch a single fish. But then, when Jesus told them to put their nets in the water, something amazing happened! Now, put all of the toys in the water. Help your child catch all of the fish in the net/strainer/cup. Talk about how Jesus helped the disciples catch all of those fish because Jesus can do anything!

**PARENT TIME:**

Jesus can do anything. That is what we are teaching our preschoolers this month. Jesus walked on water. He calmed the storm. He did many AMAZING things.

Why did He do these things? Because He cares. Jesus wants to be our friend FOREVER. He won't ever leave us. Ever. He will be with your child as he grows into a "big" kid and then a teenager and then an adult. He will be there, ALWAYS.

Now is the time to plant the seed that Jesus can do anything. Now is the time to teach our little ones that Jesus is with them, helping them, guiding them. Then, when they are big and grown, they will know that Jesus can do anything, and they will depend on it.

Take some time this month to visit [www.OrangeParents.org](http://www.OrangeParents.org) and listen to Carey Nieuwhof's vision for raising adults on Parent Link Live.

**CUDDLE TIME:** Lay with your child. Talk about the sounds that you hear outside. "Dear God, we thank You for everything that we hear outside. We thank You for the sun and

for the moon. Most of all, we thank You for your amazing Son, Jesus. Help us to remember that Jesus can do anything .We love You, God. Amen"
